

**CUSTOMER APPLICATION AND APPROVAL
ELECTRIC WATER HEATER \$2 MONTHLY CREDIT FORM**

Minimum Requirements: Available to electric water heater customers who have not taken advantage of other Detroit Lakes Public Utility Department (DLPUD) sponsored water heater incentives or rebate programs, utilize an acceptable water heater of 50 gallons or larger and agree to have installed a controller allowing the DLPUD to control water heater operation during peak electric demand periods.

The applicant agrees to allow the DLPUD the right to inspect the water heater installation and to periodically inspect the operation of the system. The applicant agrees to hold the DLPUD harmless for any responsibility related to the operation of the controlled load.

The applicant agrees that tampering or installations not in conformance to the DLPUD's Electric Service Regulations shall be grounds for immediate removal from the \$2 monthly credit rate.
